# Our Story

In the heart of the city, a small dream was born for a woman named **Maria**, who fell in love with nature and the true flavors of food. **Maria** would spend long hours in her garden planting fresh herbs, following recipes and flavors from Middle Eastern heritage, infused with love and care.

The dream grew into **Maria** Garden — a restaurant that blends authentic flavors with lush greenery and serene landscapes. Every dish here is presented as if served in a garden, rich in taste, full of warmth, and scented with mint and thyme, filling the place with charm.

**Maria** Garden is more than just a restaurant — it is an experience that takes you on a journey between memories and flavors, among colors of blue and green reflecting purity, nature, and fragrance.

**Welcome to Maria Garden, where the garden blossoms and hearts smile.**
